

Please read the following instructions carefully

- The time available for the test will start when the **START EXAM** is clicked
- If the browser is closed or the **FINISH EXAM** button is clicked the test will close.
- Each question is formulated as a task. Follow the instructions of each task to complete the question and click the **SUBMIT TASK** after each task to have your answer submitted.
- After a task is submitted you will not be able to return to the task and the answer will be **FINAL**.
- If you click the **FLAG TASK** button you will be able to return to this task at any point during the exam.
- The obtained test results do NOT take into account the amount of time invested or the way in which each question has been completed. Only the final result matters.
- The tasks described in the question must be completed sequentially, by following the order established in the question.
- After the exam is finished it will take between 24-48h to receive your final results.

Control	Definition
	The counter displays the task in which you are, and the total number of questions of the test.
	This time represents the time left for the exam.
	The FLAG TASK will save your task for later and you will be sent to the next task.
	The number of tasks that are flagged by the user during the exam. Clicking on this button will open a popup from where you will be able to jump to any of the flagged tasks.
	For the Code-in-app tasks you will need to click this button in order to have your code submitted and tested. You must click this button BEFORE clicking the submit task button.
	For the Code-in-app tasks you will need to click the RUN button at least once before clicking the SUBMIT TASK button.
	The SUBMIT TASK button will submit your answer as final and will bring you to the next task. You will not be able to return to the current task after this button was clicked.
	For the single choice / multiple choice questions you will need to select at least one answer or mark the question as flagged in order to go to the next question.
